Roses Among the Thorns

God is our refuge and strength, an ever-present help in trouble.
~Psalm 46:1 ~

Did you ever snip roses from a bush; beautiful, red roses with their gentle, romantic scene? But as you reached in to grab the stem, a sharp thorn picked your finger. That is so painful and your immediate thought might be – why do roses have to have thorns?

Well, there is reason, such as the thorns protect the roses from being eaten by some animals, so the nest-smelling roses may have the most thorns.

There is also the philosophical reason that roses remind us of love but loving relationship involves some prickly issues from time to time. The good reminder of roses and thorns is to focus on the roses… the love in your life, nor thorns… the problems in your life. Thank God for the good things and learn from the problems.

Instead of complaining that the rosebush is full of thorns, be happy that the thorn bush has roses.

~ German Proverb ~
